Near Karol Bagh Metro Stn. (Gate #7), New Delhi-110060

CIVILSDAILY IAS

Starts On

10th November 2026

Duration: 3 Weeks | Online & Offline Mode

What exactly is Logical Elimination Course?

A 3-week program with 4 videos of 2 hours each, designed to master 15 elimination techniques for UPSC Prelims. Learn how to decode tricky questions, apply logic effectively, and solve with confidence through 10 years of PYQs and 100 curated practice questions discussed interactively.

3 Major Components

1. Foundation: What to Think & How to Think

- UPSC questions, as Prelims 2026 showed, are becoming highly analytical. Memorising facts alone is no longer enough.
- 4 videos × 2 hours that train you to break down a statement, find its logic and test it before you mark an answer.
- Master the 15 most important elimination techniques, from extreme words to content-based reasoning.

2. 10 Years of UPSC PYQs (2016–2026)

- 5 years of live lectures (2022–2026) and 5 years of recorded lectures (2016–2021).
- 2 Round Table sessions with 100 questions (50 each), solved together so you can compare approaches.
- Understand the trends, patterns and logic behind recurring questions.

3. Content

- India's first Elimination Booklet, covering every technique taught in the course.
- Detailed content for the last 10 years of UPSC PYQs, built for quick revision.

Conducted By Sreejay Sir

Qualified 4 Prelims consecutively. Mentored more than 1000 students in Prelims.
